

Also introducing Gravel Unravel Team Points!

Gather up your friends and compete for the Gravel Unravel Series Team Championship!

The premise is simple: A team leader is designated to select up to four scoring racers per race (the four scorers can change race to race) submitted to the race directors by 4:00pm on the Friday before the race. Scoring racers can be any distance, any category, as the team points are awarded the same across the board for all categories following the team scoring breakdown below. Scoring racers cannot change once the deadline is passed for that race. Should a racer actually not participate or not finish (dnf), the team gets no points for that entry. Assemble your teams, and good luck!
